## School Council Olympic Challenge 2024

Dear Parents/Carers,

Following on from our Journey Day linked to the Olympics in Paris this Summer and focusing on our school value of being Resilient, the School Council have come up with an Olympic-inspired challenge for all our children to take part in to keep fit and stay active over the Summer Holidays whilst raising funds for our school.

### The Challenge:

We are asking pupils to walk, run, cycle or scoot from Trinity to Paris (and back), covering 946 miles, collectively as a school over the Summer Holidays.

There will be a trophy for the pupil who covers the most distance by walking/running/cycling/scooting.

### How to log your miles:

Use the online form (link below) to log the miles you cover each time you go for a walk, run, cycle or scoot.

Online Form: <https://forms.gle/SjgXUrHxxBrxfRMG9>

### How to raise funds for our school:

Ask sponsors to donate by directing family, friends, or members of the public to our Just Giving page using the following link:

[https://www.justgiving.com/crowdfunding/SchoolCouncilOlympicChallenge?utm\\_term=pbZPB4mkr](https://www.justgiving.com/crowdfunding/SchoolCouncilOlympicChallenge?utm_term=pbZPB4mkr)

### What are we raising money for?

We will be raising funds to purchase a new trim trail/adventure playground apparatus for children to enjoy at playtime and lunchtimes and we would also like to build an outside classroom to enhance our Forest Schools provision.

### Updates:

We will regularly update all members of school community with the number of miles covered and funds raised on a regular basis throughout the summer.

Please also post pictures of you completing the challenge on the Friends of Trinity facebook page/social media.

Thank you for your support and co-operation.

Be inspired by the Olympics, get active over the Summer and get fundraising for the school!

Yours Faithfully,

The School Council
